CHARACTER!  
DreamBorn

STAY IN CHARACTER! & Dreamborn Productions will soon release their first short film, Little Milo to international film festivals. Its a powerful and emotional drama-comedy about a young man and his controversial choices. The era: starting from the date of June 16, 2015 to November 8, 2016, the American political landscape has had more heartbreak and divisions in today's world of differences. This film reflects a generation of conflicts represented by its dynamic characters.

### A NEW GENRE

The genre of a red pill film (the term was derived from The Matrix, with two choices at looking at life in the form of taking two pills. Excerpt: "After this, there is no turning back. You take the blue pill—the story ends, you wake up in your bed and believe whatever you want to believe. You take the red pill—you stay in Wonderland, and I show you how deep the rabbit hole goes. Remember: all I'm offering is the truth...." In Little Milo, there are clues about the rabbit hole.

As a red pill film, there are no denials to painful truths. The question is, do we stay trapped in a blue pill world or do we dare to confront the issues that keep us from the uncomfortable red pill topics. The new genre of film is a sign of the times.

An art house short film, length 28.19, minutes.
